Profile

- I'm looking for respectable position in a reputable company.
- I have theoretical knowledge, but I can do hard work for my organization.

Personal Skills

- Ability to work in all weather conditions.
- I'm honest, self-motivated and hardworking with positive attitude towards my career and my life.
- Self-confidence, time management and communication Skills.

Education

Faculty Of Engineering, Alexandria University

Sep. 2011 – July. 2016

Bachelor of Electrical Power Engineering

Alexandria, Egypt

Overall Grade: **Very Good**

Graduation Project: "Electrical Power Distribution of a Village"

- Low voltage distribution includes buildings, villas and hospital.
- Medium voltage distribution, short circuit calculations and coordination.
- Supervisor and Consultant: **Dr. Ashraf Megahed**. Project Grade: **Excellent**

Technical Courses

- Got Schneider Automation Diploma (Classic Control, PLC) - Microcontroller (PIC and AVR) from EGYCET.
- Analogue and digital electronics and PCB course from EGYCET.
- English course from Arab Academy for Science, Technology and Maritime Transport. - English course from American Council Egypt.

Experience

Sidi Kerir Petrochemicals Co.(SIDPEC)

Mar. 2018 – Present

Electrical Operation Engineer

Alexandria, Egypt

- Following up on the activities related to the electrical substation in addition to the operation and maintenance of electrical systems.
- Create work orders and service requests, and issue work permits using MAXIMO HSE.
- Troubleshoot electrical problems and implement effective solutions in a timely manner.
- Track stock items using the organization's software, Sidpec Information System (SIS), while managing various operations, including issuing requests and transferring materials back to stock.
- Track the performance of all electrical assets onsite, including availability, preventive maintenance plans, and corrective maintenance history, and supervise the addition of new assets using MAXIMO HSE.
- Conduct repairs and replacements of faulty electrical components, such as wiring, circuit breakers, and motors.

- Collaborate with other departments to coordinate maintenance activities and ensure minimal disruption to operations.
- Maintain accurate documentation of maintenance activities, including work orders, repairs, and equipment specifications.
- Follow safety guidelines and regulations to ensure a safe working environment in hazardous areas.
- Assist in the development and implementation of preventive maintenance programs to minimize equipment downtime and maximize operational efficiency.
- Collaborate with external vendors and contractors for specialized repairs or maintenance tasks.
- Lead a team of electricians, providing guidance and sharing knowledge in electrical power systems.
- Deal with various low voltage protection relays and drives, such as Siemens Simocode Pro, Gemstart 4.4, VAT2000, VAT300, ABB ACS1000, ABB ACS880, Schneider MICOM

The Engineering Company for Electrical Working (Elctrotech)

Sep. 2016 – Mar. 2018

Electrical Site Engineer

Alexandria, Egypt

- The Engineering Company for Electrical Working.
- I worked as Site Engineer and Technical Office Engineer.
- Supervising the electrical work including power and light current like fire alarm, data cameras and telephones network in the site of “**Ragab Schools**” which consisting of:
 - Qada British School.
 - Forsan American School.
 - Play School.
 - Basement Floor for Cars.

Training

Egyptian for Engineering & Commerce (EGEC)

Aug. 2014 – Sep. 2014

Trainee

Alexandria, Egypt

- Designing low voltage boards using AutoCAD.
- Practical training in the implementation of the boards in the workshop.
- Implementation of ATS circuit.

Mahram Pek for Electricity Distribution

Aug. 2014

Trainee

Alexandria, Egypt

- Overview of the company system.
- Overview of cables, circuit breakers and transformers - Visiting the control center of the low voltage stations.

Sidi Kerir for electricity production

Jul. 2014

Trainee

Alexandria, Egypt

- Overview of the company system.
- Visiting the control room of the company.

Courses

- HTML and CSS Projects by Almdrasa. (Jan. 2026)
- Programming Fundamentals with Python by Almdrasa. (Dec. 2025)
- LV and MV switchgears maintenance and operation by Schneider CTC. (Jun. 2024)
- Hazardous area classification. (Aug. 2023)
- Business Essential Certificate by ESLSCA. (Jun. 2022)
- Automation Diploma (Classic Control, PLC, SCADA, HMI). (Jul. 2014)

Job-Related Software:

AutoCAD
DiaLux

Microsoft Office
ETAP

MAXIMO HSE

Self-Study Software:

HTML
CSS

Python
Javascript

Extracurricular Activities:

- Writing lectures in EED family in our department.
- Organizing the event of “Iftar Ramadan” in faculty of engineering.
- Giving PCB and Proteous course for free in AYG family.

Language

- Arabic: Excellent in reading and writing ‘Mother tongue’.
- English: Excellent in reading, writing and speaking.
